RAY OF HOPE

The foundation of Pakistan Minorities Teachers’ Association (PMTA) was laid on August 28, 2004 with a dream to make Pakistan a state where people will not be judged by their faiths but by the content of equality. Article 25 (1) of the Constitution of Pakistan guarantees equal rights to all citizens as it declares, “All citizens are equal before law and are entitled to equal protection of law.” Article 22 (1) clearly guarantees “No person attending any educational institution shall be required to receive religious instruction, or take part in any religious ceremony, or attend religious worship, if such instruction, ceremony or worship relates to a religion other than his own.”

Unfortunately there has been discrimination with the religious minority students in the National Education Policies of Pakistan, National Curriculum and the textbooks. Pakistani Textbooks are biased against the religious minorities due to the biased and discriminatory approaches of the National Education Policies and National Curriculum of Pakistan. The religious minorities are not fully exercising their fundamental rights freely as guaranteed in the Constitution of Pakistan. They are under threat and being persecuted. Pakistani textbooks are not playing the role of a connector in the society and openly promote extremism, fanaticism and intolerance against the minority religions particularly Christianity, Hindu religion and Sikh religion. The faith/s of the students of religious minorities is/are at risk due to the violation of Article 22 (1) of the Constitution of Pakistan in the present textbooks.

In such a terrible situation PMTA feels pleasure to share with you some of the positive changes in the textbooks and the educational environment of Pakistan. Role of minorities in the creation of Pakistan and Role of minorities in Pakistan have become the part of the textbooks. These changes have been the result of constant efforts. Though these are minor changes but it is expected that Pakistan being the member of the United Nations Organization shall fulfil all her responsibilities and make the assurance and implementation of the fundamental human rights to all citizens of Pakistan irrespective of religion or race as guaranteed in the Constitution of Pakistan and the Universal Declaration of Human Rights.

PMTA is making efforts to abolish all sorts of discriminations from the Pakistani educational system and to make this land according to the vision of the founder of Pakistan Quaid-e-Azam Muhammad Ali Jinnah that he presented in the Constituent Assembly of Pakistan on August 11, 1947.

Pakistan Minorities Teachers’ Association highly appreciates the role of civil society, religious leaders, minority politicians, journalists, electronic and print media and all the individuals and groups for being the voice of the voiceless.

In the end I am thankful to my family for providing all the support for the preparation of this document.

INTRODUCTION OF PAKISTAN MINORITIES TEACHERS’ ASSOCIATION

BACKGROUND:
Our beloved country Pakistan came into existence on August 14, 1947. Pakistani minorities have equally played marvellous role in the Pakistan Movement. Christian members of the Punjab Assembly played their decisive role in the division of Punjab otherwise situation could be entirely different regarding Punjab. In the same way role of Joginder Nath Mandal cannot be denied in the Pakistan Movement. Pakistani religious minorities have always played a great role for the prosperity of Pakistan.

Quaid-e-Azam Muhammad Ali Jinnah, the founder of Pakistan in his presidential address to the Constituent Assembly of Pakistan on August 11, 1947 said, “We are starting in the days when there is no discrimination, no distinction between one community and another, no discrimination between one caste or creed and another. We are starting with this fundamental principle that we are all citizens and equal citizens of one State”

Pakistani minorities are facing so many challenges in their own country. They are being treated against the ideology of the Father of the Nation. The minority students are going through persecution and discrimination in the education system of Pakistan. Biased Education policies, biased curriculum and biased textbooks are developed and implemented against the religious minorities. Federal and provincial governments have always adopted a biased and discriminatory attitude regarding the faith matters of the minority students. National Education Policies, National Curriculum and textbooks are openly violating Article 22 (1) of the Constitution of Pakistan that clearly guarantees, “No person attending any educational institution shall be required to receive religious instruction, or take part in any religious ceremony, or attend religious worship, if such instruction, ceremony or worship relates to a religion other than his own.” In the same manner Article 25 (1) of the Constitution of Pakistan guarantees, “All citizens are equal before law and are entitled to equal protection of law.”

It is so sad that the violation of the Constitution of Pakistan by the concerned quarters has caused unrest and sense of insecurity in the religious minorities of Pakistan. They are forcibly taught the beliefs through the textbooks which they do not follow. Pakistani textbooks draw the attention of the minority students to convert their religion/s. There are biases and criticism against their beliefs, the Holy Books, worship places, personalities and rituals and rites. These textbooks instigate the students against the religious minorities.

Foundation:
Pakistan Minorities Teachers’ Association (PMTA) was founded on August 28, 2004.

Mission Statement:
• To make Pakistan a state where people will not be judged by their faiths but by the content of equality.
Objectives:

- To make effort for the unbiased National Education Policy, unbiased curriculum and unbiased textbooks.
- To make effort for the promotion of national integrity and cohesion through textbooks.
- To make effort for inclusion of contents like human dignity, respect for humanity, respect for religions, peaceful co-existence, human rights, tolerance, acceptance, social justice, social harmony and interfaith harmony in the textbooks.
- To remove all sorts of hate based material from the present Pakistani textbooks against the religious minorities that segregate them from the mainstream line and promote intolerance and violence in the society like desecration of the Holy Books, desecration of the worship places, propagation against the beliefs and believers, loss of lives and properties and biases against the personalities.
- To promote healthy and friendly environment in the educational institutions where students of all faiths be treated and respected equally.
- To make effort for equal opportunities to receive education for all students without any discriminatory.
- To make effort for the 20 privileged marks for the minority students as it is in the case of Muslim students who recite the Holy Quran.
- To make effort for the subject of ‘Religion’ for the minority students whose constitutional fundamental right is being violated as guaranteed in the Article 22 (1) and Article 25 (1) of the constitution of Pakistan whereas Muslim students are exercising their fundamental right and they opt the subject of Islamic Studies from grade I to higher level but the minority students are deprived of their right.
- To make effort for the denationalization of all the educational institutions which were nationalized in 1972 as the nationalizations of schools and colleges has caused severe damages to the educational, social, economic, political, religious and cultural identity of the religious minorities.

There is utmost need to adopt the ideology of the Quaid-e-Azam Muhammad Ali Jinnah that he presented to the Constituent Assembly of Pakistan on August 11, 1947. The ideology of Quaid-e-Azam is a blue print but unfortunately the governments in Pakistan have not acted upon the ideology of the Quaid-e-Azam. Pakistan Minorities Teachers’ Association supports the ideology of the Quaid because only this ideology is the best solution to resolve all the problems of Pakistan which are causing threat to its foundations. Some of the extracts of this ideology are presented here which can make Pakistan a role model state in the comity of nations.

“The first duty of a government is to maintain law and order, so that the life, property and religious beliefs of its subjects are fully protected by the State.”

“If you change your past and work together in a spirit that everyone of you, no matter to what community he belongs, no matter what relations he had with you in the past, no matter what is his color, caste or creed, is first, second and last a citizen of this State
with equal rights, privileges and obligations, there will be no end to the progress you will make.”
“You are free; you are free to go to your temples, you are free to go to your mosques or to any other place of worship in this State of Pakistan. You may belong to any religion or caste or creed – that has nothing to do with the business of the State.”
“Now, I think we should keep that in front of us as our ideal and you will find that in course of time Hindus would cease to be Hindus and Muslims would cease to be Muslims, not in the religious sense, because that is the personal faith of each individual, but in the political sense as citizens of the State.”
PMTA is constantly struggling to make Pakistan accordingly to the ideology of its founder that was presented before the creation of Pakistan on August 11, 1947. Let us all be united to make our homeland Pakistan as one of the best nations.
RESERVATIONS

1. Pakistani textbooks violate Article 22 (1) of the Constitution of Pakistan that guarantees ‘No person attending any educational institution shall be required to receive religious instruction, or take part in any religious ceremony, or attend religious worship, if such instruction, ceremony or worship relates to a religion other than his own’. Only the students of the religious minorities are deprived of studying their own religion which is violation of the Article 25 (1) of the Constitution of Pakistan too that guarantees ‘All citizens are equal before law and are entitled to equal protection of law.’ The concept of majority and minority on the basis of religion cannot be appreciated. Flag of any nation is a symbol of unity and integrity. A flag is a connector of all the citizens of a nation and all citizens are equal under the national flag of a nation but unfortunately the flag of Pakistan is a divider because it separates the citizens of Pakistan on the basis of religion as majority and minority. Due to this, Pakistani citizens are in superiority complex and inferiority complex and all citizens are not equal due to the violation of Article 25 (1) of the Constitution of Pakistan. A few examples from the Pakistani textbooks are presented representing the National Book Foundation Islamabad, Punjab Textbook Board Lahore, Sindh Textbook Board Jamshoro, Balochistan Textbook Board Quetta and Khyber Pakhtunkhwa Textbook Board Peshawar which clearly indicate that the citizens of Pakistan are divided on the basis of religion and on the basis of majority and minority.

The national flag of Pakistan is green and white. It has a crescent and star at its centre. The green colour stands for the Muslims. The White colour stands for the minorities.

The flag comprises a dark green field representing Muslims with a vertical white stripe on the left side of it representing non-Muslim Minorities.

The white in our flag represents minority,
And the green shows peace and prosperity.
The crescent symbolizes Islamic grace,
And the star sparkles spiritual progress

Only the Muslim students of grade I to grade XI-XII study the beliefs of their own religion while the minority students are deprived of receiving their religious education. Though there are some textbooks in the subject of Ethics but those textbooks have not been developed by the educationists from the minorities. The dominant religion of Pakistan is dominant even in the subject of Ethics which is discriminatory and only for the minority students.

A student who studies the subject of Ethics is confused as he or she has to study the teachings of nine religions from grade-III to grade XI-XII. A brief analysis of the contents of Ethics-III and Islamic Education III is presented and one can easily differentiate who are exercising their fundamental constitutional human right and who are deprived.

National Book Foundation Islamabad has published only one book of grade IV in the subject of Ethics in seven years. This shows the efficiency of a federal institution and what can be expected from the provincial textbooks of Pakistan. There is promotion of sectarianism only in the textbooks of Ethics which is the violation of the guidelines of the National Curriculum 2007 while this is not the situation in the textbooks that majority students study. Controversial contents have been developed in the textbooks of Ethics and the students are confused as they study the beliefs which they do not practice. The students of the minority students are unable to follow their respective religions as they are studying various religions which they do not follow. Students of grade- III do not have capability to have comparison of religions. Missionaries educational institutions provide the facility of the subject of Islamic Studies along with the Muslim teacher but the education department has not fulfilled her constitutional responsibility and has failed to provide the facility of the subject of ‘Religion’ and ‘teacher’ to the students of all religions that exist in Pakistan. The deliberate discriminatory negligence from the ministry of education is not praiseworthy.

3. Present Pakistani textbooks are promoting violence, biases, discrimination, disharmony and intolerance against the minority religions. There are contents on Muslim-Christian violence, Muslim-Hindu violence and Muslim-Sikh violence in the textbooks. National Book Foundation Islamabad, Punjab Textbook Board Lahore, Sindh Textbook Board Jamshoro, Balochistan Textbook Board Quetta and Khyber Pakhtunkhwa Textbook Board Peshawar are promoting violence on the basis of religion in the textbooks. Culture of intolerance is on its peak and the developers of the curriculum, textbooks and the implementing authorities are held responsible for this all as biases against the minority religions and followers are part of the curriculum and textbooks. The textbooks provoke the sentiments of the students and reading the same contents at various classes which promote extremism and fanaticism in the innocent minds of the students. The seeds of hatred in the textbooks are a threat to the entire nation. These textbooks are misleading the students and incidents like Gojra, Korian, Shanti Nagar, Sangla Hill, Bahmni Wala, Bahawalpur, Taxila, Toba Tek Singh, Islamabad, Sukkar, Hyderabad, Multan, Lahore, Faisalabad, Peshawar, Rahim Yar Khan, Umer Kot, Dhorro Naro, Ghulam Nabi Shah, Kharoro, Mithi, Kunri, Tando Allah Yar, Jacobabad, Badin, Dadu, Sanghar, Nawab Shah, Larkana, Mirpur Khas andCharsada take place. In such tragic incidents there is not only the desecration of the Holy Bibles, Geeta, Guru Granth Sahib, Churches and Temples etc but they are burnt to ashes as well.

Religious minorities are insecure and they are not protected which is the violation of the Constitution of Pakistan. They are harassed, threatened,
kiddnapped, forcible conversions and forced marriages. Young girls and women
are the easy target of kidnapping, forcibly conversion and marriages. Seeking
justice becomes a challenge as they are from the marginalized, oppressed and
suppressed class. There is desecration of their marriages. They are put to death.
There are extra judicial killings and even they are insecure behind the bars and
lose their lives. Fake cases are registered against them. They are burnt to ashes
in the tragic incidents like Gojra and Ahmedpur Sharqia and Kot Radha Kishan.
They have to face discriminatory laws. There properties and houses are burnt to
ashes. They do not get equal opportunities to improve their social, economic and
political conditions. Pakistani textbooks have failed to create and promote the
culture of co-existence, understanding, social harmony, interfaith harmony,
peace, acceptance, tolerance, human dignity, human rights, equality and social
justice. Some of the examples from the present textbooks are presented here
and one can easily understand what is being produced after going through these
textbooks.

Debal: Muhammad bin Qasim reached Debal in the autumn of 711 A.D. He
besieged the town which was strongly fortified. There was a large temple in the
centre of the city with a red flag waving over it. The Muslims pulled down the flag
by hurling stones on it with the help of catapult. Upon this, the Hindus were
thoroughly demoralised and in the fight that followed, the Hindus were routed
and the city fell to the Muslims.

Inspite of small force, he always used to return to his country after the conquest.
Somnath was a famous sacred temple of the Hindus. Hindus believed that who
would attack Somnath, himself will annihilated. When Muhmood Ghaznawi came
to know of, he attacked Somnath and conquered it. This temple had countless
treasures. The figures of gods were studded with the jewels of diamonds, with
pearls, gold and silver. Various Rajas of Northern India with their great forces
came to protect this temple but failed. The worshippers offered huge wealth of
rubbies so that the idols of Somnath might not broken but Sultan replied, “I am breaker of idols and not the seller of idols”.

Though Pakistan is a multi religious and a pluralist country but it is a sorrowful state that the Pakistani textbooks degrade the Holy Books, places of worships, religious personalities and followers of the minority religions especially in the subjects of social sciences and languages. There is the use of derogatory language against the minority religions but the minority students are bound to study such textbooks as they are compulsory and they do not have any other option. The students are confused and they are ill treated in the classes as there are biases against them in the textbooks and students act what they study. That’s why they have to face discriminatory attitude not only in the educational institution but outside that environment. Some examples from the present textbooks are presented below:

Q.3. Choose the best answer.
1. What do we say before we start doing a work?
   (a) Alhamd-o-Lillah (b) Bismillah (c) Masha- Allah

6. Students of the minority religions have to face discriminatory attitude of the teachers in the practical of Home Economics as their cooking is not tasted due to the difference of religion.

7. The environment of the educational institutions is not very healthy and friendly for the minority students. The educational institutions have not promoted interfaith harmony and social harmony. The minority students attend assembly but they do not hear any positive thing about their respective religions.

8. The minority students are facing the challenges in pronouncing Islamic names and terms. Due to this, their lives are always at risk. Many students have already gone through sufferings. Nationalization of the missionary schools and colleges has caused serious damages especially to the Christian students. This was a deliberate attempt to keep the minority students backward to receive religious and general education. Still there are many schools and colleges which have not yet been returned to their owners.
We say “Assalam-o- Alaikum” when we meet someone
and in answer we say “Wa-Alaikum-us-Salam”

We say Bismillah when we start some work.
Say “Al-Hamdo-Lillah” after eating and drinking, and when we get some blessing from Almighty Allah.
When you intend to do some work say “Insha- Allah” (ان شاء الله) which means, if Almighty Allah wills.
When something good happens say “Masha-Allah”!
When you sneeze, say “Alhamdo-Lillah”!
If some other person sneezes say “Yarhamokallah”!

9. The minority students have not been provided privilege of 20 marks such as NAZRA (learning the Holy Quran by heart). Besides this Hafiz Quran have full fee concession on getting admission in colleges. Due to this deprivation sometimes many minority students are unable to get admission in higher education.
RECOMMENDATIONS

1. Curriculum must be value based and need based.
2. Biased material against all the religions must be removed immediately from all the textbooks. There must be promotion of healthy and friendly environment in the textbooks and the educational institutions.
3. The religious instructions, teachings and heroes of a particular religion must be included only in the subject of ‘Religion’. In the same way pronouns like ‘I, we, us and our’ must be used only in the subject of ‘Religion’ when using particularly in the sense of any religion. These pronouns when used, must invite the attention of the students of that particular religion to avoid the violation of Article 22 (1) of the Constitution of Pakistan. There must be respect of the followers of all religions.
4. The subject of ‘Religion’ should be compulsory for all the students or for none. If subject of ‘Religion’ is compulsory for one religion then according to the Constitution of Pakistan all students must be treated equally and without any discrimination.
5. All the nationalized schools and colleges in the provinces of Punjab and Sindh must be denationalized immediately and handed over to the owners which were nationalized in 1972. It is also demanded to the government of Khyber Pakhtunkhwa not to interfere in the administrative affairs of the Edwards College Peshawar and its administrative position may be restored according the constitution of the Edwards College Peshawar.
6. 20 privileged marks on receiving religious education must be awarded to the minority students as well who have certificates from any religious institutions.
7. Article 20 (a) of the Constitution of Pakistan must be observed during assembly that guarantees, “Every citizen shall have the right to profess, practice and propagate his religion.” There must be teachings on ethics in the assembly regardless of any religion, sect or creed. The focus must be on human values, ethics, peace, peaceful co-existence, social justice, interfaith harmony and social harmony in the assembly because students of different religions attend it.
8. There must be more lessons on peace, tolerance, peaceful co-existence, social justice, human rights, social harmony and interfaith harmony in the curriculum and textbooks.
9. There should be religious freedom to all students as guaranteed in the constitution of Pakistan.
10. The word “Masih”, “Masihi” or “Masihiat” should be used in all written or spoken form instead of “Esa”, “Esai” or “Esayat” for Jesus Christ, Christian/s or Christianity.
11. It has been observed that in the admission forms there is a column of religion in which it is written Muslim/ non-Muslim. There must be the names of all religions that exist in Pakistan or simply a column where one can write one’s religion in the column because non-Muslim is not a religion in any sense. It is better to remove this column as it divides the nation on the basis of religion.

It is a historical fact that the Muslims ruled the world for hundred of years on the basis of the knowledge acquired by their intellectuals, philosophers and scientists. The books written by them were of such a high standard that they served as reference books in the western universities for centuries. As long as the Muslims acted upon the Hadith, “to acquire knowledge is the duty of each Muslim male and female.” they ruled the world. Chapter 5: STRUGGLE FOR PAKISTAN

11. Role of Minorities in the Creation of Pakistan

All India Muslim League under the able guidance of Quaid-i-Azam promoted an Islamic system based on justice, fair play and equality. Quaid-i-Azam promised equal rights for all Hindus, Sikhs, Parsis and Christians even though they would be a minority in the newly established Muslim state. Therefore, people like Sir Joseph Burr, member Viceroy’s council. Mr. Paythan Joseph, Editor “Hindustan Times” and Mr. B.G. Harmony, Editor, “Daily Dawn” newspaper fully supported the Muslim demand for a separate homeland. In the historic Muslim League session of Lahore 1940, Speaker Punjab Assembly Dewan Bhadar S.P. Singh, R.A. Gomes, Fazal Ellahi and F.I. Chaudhry were all present to support the demand of Pakistan.

In 1942, at All India Muslim League (Punjab) Convention Lyallpur (Faisalabad), the welcome was presented by Christian Association. Quaid-i-Azam assured all minorities that equal status would be given to them. In return, Sikh leader Sardar Dilbagh Singh while representing the minorities, announced his support for Pakistan. At the time of resolution of Punjab Assembly in the favour of independence of Pakistan. Sardar Bhadar Singh (Christian) Speaker Punjab Assembly casted his vote in favour of the resolution. The Christians, C.E. Gibbon, Fazal Ellahi, Dewan Bhadar S.P. Singh requested the Boundary Commission to group them with the Muslims. Chaudhry Chandu Lal had visited Gurdaspur and Pathankot to propagate the campaign for the creation of Pakistan. Jogander Nath Mandal and the other untouchables had also requested the Boundary Commission to include them among the Muslims during the division of Punjab. The minorities had proved themselves as a great asset of the country through their remarkable services towards the making of Pakistan.

   Population, Society and Culture of Pakistan
   Role of Minorities in Pakistan

The rights of the minorities have been fully protected in the 1973 constitution of Pakistan. According to the constitution, they have full rights. They have complete liberty to worship according to their religious, perform customs, transmit and publish their religious principles and set up their own religious organizations. They have been given separate representation in Pakistan’s constitution. The government abolished the separate system of elections and put into practice the mixed system of elections. In this way, the long awaited demand of the minorities was fulfilled. In the National Assembly ten seats have been reserved for the minorities; in the Punjab Assembly 8, Sindh Assembly 9, Khyber Pukhtunkhwa Assembly 11 and Balochistan Assembly 3 seats have been reserved. In our federal and provincial cabinets, mostly a non-Muslim minister is included. In the economic field too, citizens are given equal opportunities so that they can improve their financial conditions.

To obtain government employment, the minorities have the same rights as the Muslims. The constitution of Pakistan provides equal political, economic and social rights to all citizens because of which good citizenship is promoted. The minorities living in Pakistan should be aware of their rights and responsibilities. It is their responsibility to be faithful to their country. Rising above all kinds of prejudices, they must elect a people’s representative who should work for the country’s stability.

Status of the minorities in the light of the Quaid-e-Azam’s (RA) speech on 11th August, 1947

On 11th August 1947 the Quaid-e-Azam (رحمۃ اللہ علیہ) while making a speech regarding the place of minorities said:

After the partition of India, for minorities to be in one state or the other was inevitable. Every one of you whether the first, second or last citizen of this state has equal rights, privileges, and obligations. No matter what relations he had with you in the past, no matter what is his colour, caste and creed, no matter what community he belongs there will be no end to the progress you make. In this state of Pakistan you are free. Go to your temples, mosques or other places of worship. The running of the state has nothing to do with the religion, caste, creed or faith you belong to. As you know with regard to history, some time ago, the conditions in England were worse than what exists in today’s India. Roman
Catholics and Protestants committed atrocities against one another. Even today, there are countries where a specific sect faces discrimination and restrictions are imposed on its members. By the grace of Allah, we are starting our journey in such conditions and in an age where such discrimination is not encouraged. No distinction is made between different castes and faiths. We are taking a start with this basic principle that we are equal citizens of our state.

A journalist asked the Quaid-e-Azam (رضه الله عليه) “Can you give a brief statement, as the governor general, about the problems of minorities?”

The Quaid-e-Azam replied: Presently, I am a nominated governor general (Let us assume for a moment that on 15th August, 1947 I shall actually be the governor general of Pakistan).

After this assumption, let me tell you that the minorities will be protected. No matter which faith they belong to. Their religion and faith will be safe in their freedom to worship. There will be no interference in their freedom to worship. Their religions, faiths, their life and their culture will be secure. Without any discrimination of caste and creed and faith, in all respects, they shall be citizens of Pakistan. They will be provided with rights and privileges. Minorities will play their role in the affairs of the state as long as they are faithful and well-wishers of the state in the true sense. As long as I have power, they should not have any doubts. I expect that the Muslims in India will receive the same kind of fair treatment that we intend to give the non-Muslim minorities.

The minorities have always tried to perform prominently in all the fields. In the field of law, the name of Justice AR Cornelius does not need any introduction. He has rendered invaluable services. He had experience in Shariah and Fiqha. He was the chief Justice of the Supreme Court. He played a major role in compiling the 1973 constitution. Justice Badi-uz-Zaman Kakaoos had great knowledge of the Quran and Sunnah. He remained the judge of the Supreme Court for eight years. Justice (Retd) Rana Bhagwan Das was a judge in the Supreme Court too. Doctor Abdus Salam rendered important services in Physics.

Group Captain Eric Gardenhall, Wing Commander Nazeer Latif, Wing Commander Marvin Middlecoat, Squadron Leader Peter Christie and Flight Lieutenant William, D. Harrow Leigh received high civil and military awards for their excellent performances. Harcharan Singh was the first Sikh officer to be included in the Pakistan Army.

In the field of health, Doctor Ruth Ffau worked for the leprosy patients till her death. Doctor Drago of Mirpurkhas was especially famous for treating poor patients. He received the Presidential Award too.

In the field of sports, Anil Dalpat, Danish Kaneria and Anthony D’Souza in cricket. Michael Masih in football, whereas in yachting Behram D. Avari are famous names.
vi. Explain the role of the minorities in Pakistan.
