

Certificate Distribution Ceremony.

10-08-11

Extremely happy to see the Vocational training course that have been imparted to the community at RYK on Beautification, Tailoring and CAD. The linkage between TEVTA, ITA, Govt of Punjab & Unilever is necessary for such activities to flourish and to provide students opportunities for their careers and getting established.

Courses should be more focused on specialised training in view of new development/advancement of technology and trends to compete in market place. Hence we need to be more proactive to anticipate 'change' and act accordingly.
